Hi All,

Lisa, David, and I have decided to go ahead and have Pine View Estates (the NV allotment we've been discussing) apply for a Class V permit. We have an idea of what we'd like to require them to do through the permit, but we could really use your advice on how to go about the process...what exactly is the application process, do you have any good samples of correspondence throughout the process, etc. Maybe we could meet tomorrow (Tues) afternoon or Wed with one of you so we can get started, and then bug the rest of you with particular questions as they come up?

Thanks! - Eric
